

HAND DRYERS

Fast, hygienic and economical hand drying

Choose a safe pair of hands for your washroom

Promoting a clean-hands environment is one of the simplest ways to prevent the spread of infection. Did you know it is just as important to dry your hands thoroughly as it is to wash them? Hand drying helps to remove bacteria from your hands and provides an enhanced barrier of protection against cross-contamination.

Cannon Air Rapide

- ✓ High speed – dries hands in under 13 seconds
- ✓ Compact – ideal for areas where space is limited
- ✓ Touch free – infrared sensor for automatic operation
